

CHAVARA PUBLIC SCHOOL (CBSE)

Annual Report 2018-19

My hearty welcome to one and all. I would like to thank all for responding to our invitation and gracing the occasion.

I have great pleasure in presenting to you the annual day report 2018-19. This year has been a very eventful one for us. We have made great efforts to lay foundation to bring up complete CBSE curriculum for the coming academic year 2019-20. We have been extremely successful in most of our endeavors. Apart from preparing the children to qualify for purely academic demands, special efforts are being made continuously to enable them to face the challenge of the competitive world. It's a matter of great importance to us that the students who pass out from our institution should carry forward the values they have inherited, excel in whatever they do and be role models in the society.

Let me give you a brief history of our institution.

Chavara CBSE was a dream of our founders Frs. Joy and Johnson. It was realized and established in the year 2006. The school had an humble beginning with only 13 children. Today, we have 1399 students from Kindergarten to X std and 60 staff. This has all happened with the blessings of almighty and hard work and dedication of our founders of our institution. Our school patron is St. Chavara, a real educationist and social reformer. This is the place to keep to serve the society in providing quality education. As the result, thousands of people have benefited and now with more energy continuing the same. There is also great part to be with keeping helping hands, especially Dadgaon and Mulgi non formal education.

Academics

We are proud to report that continuing the legacy in education of Chavarites, 2018-19 batch X Std students also dream to bring laurels to the school by their excellent results. We are proud to announce that we will attain our goal at upcoming year. This will be possible only because of the continuous efforts by the dedicated staff and by taking extra classes and other remedial measures to improve them. Presently we are following completely CBSE curriculum, i. e happy curriculum.

Accountability to Learning:

All schools undergo a school development review to assess progress and plan steps for school development. In our school the review is conducted by our Chairman of VISESA Trust, Fr. Thomas who is very particular and conscious of students learning. He has the complete understanding of what kind of education should be given to the future generation. In order to achieve the same, he is completely dedicating his time and energy with deep sense of humility and gratitude I thank him for His able guidance which helped me to assess every area of scholastic and co-scholastic areas of learning. Teachers classes observed time to time and given necessary feedback to improve their pedagogical approach. We have maintained 91% Students attendance, 93% Teachers attendance.

The student council

The student council is a body of elected members. In order to inculcate the values of leadership quality and to develop the spirit of democracy among students, we have created a student council. It plays an important role in being a mediator between the students and the management. It comprises of office bearers and discipline incharge and class representatives.

All the procedures of conduction of election held for Head boy, Head girl, Gen. Captain and Ge. Secretary

House captains and other office bearers were nominated by the teachers.

Co-curricular activities:

A host of Co-curricular activities have been organized during this year. To name few

1. Our students are given the opportunity to participate in All India Talent Examination in Mathematics, Science and English, organized by Olympiad foundation of different streams. As of now many of our students have qualified for the Zonal level and we hope some may reach state as well as National levels.
2. Every year our students participate in Prathibha Karanji competition conducted by the Department of Education. This year also many of our students participated and won many prizes at the Taluk, District and State levels.

I am happy to announce

3. 6 students selected to state level in Bharatanatyam
4. 17 students of higher class selected to district level in Drawing.
5. 5 students from lower class selected to district level in drawing
6. 8 students selected to district level in Debate competition
7. Two of our students selected to state level Science Exhibition

Sports and games :

The sports program helps us in identifying talent in particular sports and give more exposure to the students. To develop a child ,physically , moraly , socially , mentally and to some skills in co-scholastic areas. Our students actively participated in different sports competitions and won many medals, certificates and trophies

Some of their achievements are :

Our students made remarkable achievement at Cluster, Taluk and District levels. We have a long list of names who achieved at cluster level. But I'll be reading out the names of only the Taluk and District level achievers.

Infrastructure facilities :

We are happy to say that our school completely equipped with all the necessary infrastructure facilities with ecofriendly campus that a good school should possess. We have a well equipped modern library with a good collections of books . A modern science laboratory and an upgraded computer lab .

I would like to conclude by extending our sincere thanks to all the parents and each one of you of our well wishers who have lent a supportive hand, down the years in all our endeavors to produce a confident, educated and capable batch of students each year. Thus, shaping the future

of your children who are the destiny of this country. I hope you will enjoy today's cultural programme. Have a good day with us.

Thank You

CHAVARA PUBLIC SCHOOL

FR SHEEJAN THOMAS CMI
